State of the Heart

Rick Springfield

It's just the state of the heartI'm waiting for you in the state I'm in.I know your name I told you mineWe've stopped and passed the time of day.

You work in town

I work at nightThat gives us six until seven to work this out.If I seem a little strangeit's just the state of the heartI'm waiting here for you in the state I'm in.

You are the moon

I am the seayou pull me in and gaze on down at me.

Iwas alone

I thought I was immune.

It's good to know the door can still be open wide. If I seem a little strange it's just the state of the heartI'm waiting here for you in the state I'm in.

It's just the state of the heartI wait in the dark in the state I'm in. We get closer and closer to falling out or falling

inI go over and overbut I canr change the state this heart is in.If I seem a little strange it's just the state of the heartI'm waiting here for you in the state I'm in.

It's just the state of the heartYou know I wait in the dark in the state I'm in.It's the state of the heart

the state of the heartThe state of the heart the state of the heartThe state of the heart the state of the heartIn the state of the heart the state of the heart.
