Julie

Marshall Crenshaw

Screen gems (emi)C'mon julie, I've been watching you
Ever since you came to town
I'm through with watchin' you
There's lots more we could do
Julie I need your love so bad
C'mon julie, time's a wastin'
I should to be tastin' your sweet lips
C'mon give love a try, don't let it pass you by
Julie I need your love so bad
My love and my devotion
Are deeper than the deepest ocean
Julie, won't you give your sweet love to me
C'mon julie, say you'll love me
Give me your sweet love all the time
C'mon take my hand, tell me you'll understand
Julie I need your love so bad
C'mon give love a try
Don't let it pass you by
Julie I need your love so bad
My love and my devotion
Are deeper than the deepest ocean
Julie, won't you give your sweet love to me
C'mon julie, say you'll love me
Give me your sweet love all the time
C'mon give love a try, don't let it pass you by
Julie I need your love so bad
Julie I need your love so bad
Julie I need your love so bad
