

# Monuments

## Smashing Pumpkins

I feel alright, I feel alright tonight  
And everywhere I go I shine bright  
Alright, alright alright Love can dust ya easy, as you know  
And doubts make you feel slow  
When shades of reason in you gone  
I know, I know you'll go Luva, you're strange  
Luva, you're strange to me I feel alright, I feel alright tonight  
And everywhere I go I shine bright  
Alright, alright alright Vest was in the eagle of your soul  
Where's Kelly as you sung  
Don't ever feel that unknown  
Behold, it take home Luva, you're strange  
Luva, you're strange to me And what do ya want me to do?  
It's all gone bad  
What do ya want me to say?  
I'm lost like you I feel alright, I feel alright tonight  
And everywhere I go I shine bright  
Alright, alright alright I feel alright, I feel alright tonight  
And everywhere I go I shine bright  
Alright, alright alright
