Ryan Humbert

[Tinie Tempah - Hook]Mayday, mayday, mayday, mayday, mayday  
January, February, March, April, May Day!  
Mayday, mayday, mayday, mayday, mayday  
January, February, March, April, May Day!

[Tinie Tempah - Verse 1]January, February, March, April, May Day!  
I like my 'Tron coffee with some ma'fuckin' Baileys  
I'm never bangin' (Ugh), probably never bangin' (yeah)  
But shout out the nigga Bow Wow  
And shout out the nigga Ray Jay  
Mountin' my Mercedes whiter than the KKK  
Chauffeur don't impress 'em then I bet the f-ckin' May may  
I'm private so I put my girls on separate planes to vacay  
And I promise I'ma land 'em they aint even Isreali  
I don't talk the talk I walk  
Stars come out when I tour  
Will.I.Am and Fergie bitch  
2 Peas and a Pod  
I got so many awards  
I'm a mil' short of the Forbes  
Thats a slight exaggeration but I'm never gon' b poor  
Bitch

[Hook][Chipmunk - Verse 2]Okay so Tinie wants me on Mayday  
Everyday is my Payday  
Talk shit and get punched up  
My niggas got David Haye ways  
Peach Ciroc is what we taste  
Drink until I can't pee straight  
And your girl wants to go on ?  
Thats what I call a pee-take  
I got 30 under my neck

25 on my wrist  
Couple rabbits got f-cked to make this fur coat that I'm in  
Relocate to another town  
Every year thats another house  
Picture me when I'm 25  
Lord help me, I'm 20 now  
My attitude's a little street  
Girls move brain and still call me sweet

I don't kiss, let alone tell  
But theres enough famous girls that I've beat  
I've been doing this thing properly  
Toast to the jewels and the property  
Cold and you still aint as hot as me  
And I make Mohammad thats profit G  
[Hook][Verse 3 - Soulja Boy]January, February, March, April, May Day!  
Yes I hopped up out the bed and you know that it's a payday  
Everywhere we go, we got the girls going crazy  
Kush blunts in my ashtray, ahh man that shit cray  
Ahh man, hold up man, that G6 to vacate  
I hit the block, Am I going straight  
Pulled up with the Sunray  
Soulja tell 'em, I aint what ya say  
I pulled up like Santa's sleigh  
Money on deck everyday  
Cashed up, I'm getting paid  
Her ass fat like ?  
I'm tatted up like Lil Wayne  
Later on we running train  
My alias and aka  
My snapback is Obey  
I'm on her hair like a toupee  
Yeah everybody know me, you can match that? yeah ok!
