

# Lonely (feat. Bijou) (Original Mix)

## Rezonate

Haven't left for a while  
Enough of me  
There's nothing more that I can do  
Oh I fear  
I fear these lines, I cross and die I try, so hard Why are we so lonely  
Why are we so weak  
You were waiting for me  
I'd rather be asleep It's a little sad  
You've trapped me at this cliff  
I can push myself over  
If I'll live  
You can push me over  
If you want to swim  
It's a little strange  
Where did we begin
