

Unchained

Lacuna Coil

Unchained
Unchained
Unchained
Unchained There is nothing up ahead or down the road
The streets won't last forever
There's nothing left to lose I cannot see myself inside this dream
I know, nothing lasts forever
Nothing lasts forever Unchained
I'm like a bullet set free now
Unchained
I'm like a weapon unleashed now Now I found my way to solid ground
I left behind the feeling
That I've been a fool I feel much stronger now, I am not the same
You know nothing lasts forever
Nothing lasts forever Unchained
I'm like a bullet set free now
Unchained
I'm like a weapon unleashed now Unchained
I'm like a bullet set free now
Unchained
I'm like a weapon unleashed now Unchained
Unchained
Unchained
Unchained
Unchained
