

Got to Be There

Toots and The Maytals

When you and I first met
We were so inseparable
And on that last day I left
Thinkin we'd need a miracle 'Cause every little word that you said to me
Became the biggest pain in my heart
And all my pride making me pretend
You'd be so happy that we're apart You just don't understand
You just don't understand
You got to be there for me
You hold my heart in your hand
You got to be there for me
You just don't understand So far down this road
I'm not sure we can repair
And each and every time we be on the phone
We both actin' like we don't care It would be so sad to me
To be the one that got away
And it hurts just as much to see
To see the feelings we have decayed Decay in front of our eyes
You just don't understand
You got to be there for me
You hold my heart in your hand
You got to be there for me
You just don't understand You just don't understand
You got to be there for me
You hold my heart in your hand
You got to be there for me
You're all that I have
You don't understand Be there, be there, be there, be there
You got to be there for me
Be there, be there, be there, be there, be there
You got to be there for me You got to be there for me
You got to be there for me
You got to be there for me
