## Seether

Do you think I'm faking  
When I'm lying next to you?  
Do you think that I am blind  
Nothing left for me to lose?  
Must be something on your mind  
Something lost and left behind  
Do you know I'm faking now? Do you know I'm faking  
When I'm lying next to you?  
Do you know that I am blind to everything you ever do?  
Must be something on your mind  
Something lost for me to find  
Do you know I'm faking Then she told me she had a gun  
It sounded like she'd used It once before on him  
Then she told me she had a gun  
It sounded like she'd used It once before, oh man I guess you know I'm faking  
When I tell you I love you  
I guess you know that I am blind  
To everything you say and do  
Must be something on my mind  
There's nothing left for me to hide  
Do you know I'm faking Then she told me she had a gun  
It sounded like she'd used It once before on him  
Then she told me she had a gun  
It sounded like she'd used It once before, oh man We have to succumb to the feelings we can never face  
I need you, I breathe you,  
I can't go through this all again  
We have to succumb to  
The feelings we can never face I need you  
I breathe you, I can't go through this Then she told me she had a gun  
It sounded like she'd used It once before Then she told me she had a gun  
It sounded like she'd used It once before on him  
Then she told me she had a gun  
It sounded like she'd used It once before, oh man  
Then she told me she had a gun  
She says she wants to use It on me now
