

# Returning the Screw

## Fugazi

A fine disservice  
Deceptive, too  
Check for the sender  
    Sender was you  
Caught me wide open  
    No simple burn  
This is complicated  
    Calls for return  
    Fine disservice  
    Intended, too  
Check for the sender  
    Sender was you  
The point has been recorded,  
The malice has been revealed  
When I stripped away the humor  
    From the arrow it concealed  
    Sharpened and soaked in urine,  
    It was meant to spread disease  
    But now discovered  
Becomes the sweet antithesis  
    Returning the screw  
    It comes back to you
