

# Passport

Billy Higgins

I got a passport officer  
This time you ain't getting what you want  
This time you're doing only what you must  
This time you're doing only what you must  
Where is your friend now officer  
That sharp good-looking lieutenant  
Border patrol good-looking lieutenant  
That got vacation cause he shot my friend

Where is your friend now officer?  
That sharp good-looking lieutenant  
His wife got acne and his children cry  
His children cry, "Assassin"
