

Sturm & Drang

[Jami Lynn](#)

Sturm & Drang I've never seen anyone move as you do
When you know that I'm watching, you know what I'd do
And I'd like to think we could go back to the time
When you rocked this whole body of mine
But we won't Grimaces followed by hasty clean-ups
Oh these are the stuff of a hollow dry love
You could stay where are but you flitter about
There ain't nothing in heaven could open my mouth Sturm and drang
Pining for love that was never mine
Wanted to hold you all night
Wanted to kiss you but it ain't my right All the strings of my organs your hand had pulled tight
All I brought to the table you pushed it aside
Black is my heart, but it's bright red inside
If you'd noticed, I bet you'd have tried And baby how is that we don't come out
At the top of the heap where you said we'd wear crowns
The one who could love me's been waiting out here
While I tried so to please you in pain and in tears
