## fortunae verbera

You're solid, yeah  
Like a rush that I don't wanna stop  
Saw the signs in your eyes  
What was up, wasn't right  
And none of us was innocent  
Baby, still we played our games  
Scared to win, left the mess we were in  
On uneven ground, lost what we found  
I had to put away my pride  
To find a way that I could love you more  
I couldn't keep away from you  
Then you walk back in my life  
And all at once we were just like before  
No one does what you can do  
You're solid, yeah  
Like a rush that I don't wanna stop  
Boy, your love goes on and on  
You're solid, yeah  
Just when I thought that our thrill was gone  
You were solid than a rock  
Like a cool summer breeze, you're the fan for the heat  
I feel lyin' next to you, naturally  
There's a switch in my heart, only you can turn it on  
You're the flame that lights late at night  
Deep inside me  
For so long I tried to fight  
The way I felt, the way you made me fall  
But I couldn't keep away from you  
But then you walk back in my life  
And all at once we were just like before  
'Cuz no one knows what you can do  
You're solid, yeah  
Like a rush that I don't wanna stop  
Boy, love goes on and on  
You're solid, yeah  
Just when I thought that our thrill was gone  
You were solid than a rock, baby  
I surrender, when you do the things you do  
When we're together, I can't get enough of you

You're the missing piece, the other half of me  
To make me complete  
You're solid, yeah  
Like a rush that I don't wanna stop  
I don't wanna stop, no, no  
You're solid, yeah  
Just when I thought that our thrill was gone  
You're solid, you're solid, you're solid  
You're solid, yeah  
Like a rush that I don't wanna stop  
Boy, your love goes on and on  
You're solid, yeah  
Just when I thought that our thrill was gone  
Goes on and on, when I thought the thrill was gone  
You're solid, yeah  
Like a rush that I don't wanna stop  
Goes on and on, when I thought the thrill was gone  
You're solid, yeah  
Just when I thought that our thrill was gone  
You were solid than a rock, yeah
