Bob That Head

Rascal Flatts

Bob that head
Awwh, Awwh, ah
Yeah-yeah, yeah,yeah

Tricked out truck kit
Runnin' boards black lit
KC roll bar
Had to mow an extra yard
Just so he could
Install satellite
Rascal Flattin'all night
King cab, bass tubes
Stop light, boom-boom
Five days, all week
Two jobs so he can

[CHORUS]
Bob that head
Every Friday night
Got the windows rolled down
The seat reclined
Givin'everybody that rock on sign
Yeah, turn it up to ten
Hey, y'all join in
Bob that head
Come on, bob that head
Bob that head

Hot girl wants a ride
Climbs up inside
Feelin' that rhythmn
Right along with him
Now he's cruisin'
Don't want to lose it
Loop around Sonic
And right back on it
Low gear, drive by
Up and down

That's right

[Repeat Chorus]

Come on, feels good
Let it go, shake it loose
Don't it make you wanna

[CHORUS]
Bob that head
Every Friday night
Got the windows rolled down
The seats reclined
Givin' everybody that rock on sign
Yeah, turn it up to ten
Hey, y'all join in
Come on, let the party begin
Let's do it again
Bob that head
Bob that head
Every Friday night
Bob that head, bob that head
Yeah, yeah, yeah
Bob that head-yeah
Bob that head
Bob that, bob that
Bob that head
Bob that, bob that
Bob that, bob that
