Morning Will Come

Spirit

Come, come, come to me
Yes, you got a smile
Makes me wow for you baby
Yes, you got a style
That turns me on man ohPlease don't be late
Don't hesitate
'Cuz in a whileThe morning will come
Yes the morning will come
Our morning will come
Yes the morning will come
Come, come to meWell, you got love
Makes me cry for you baby
Such a special love
It turns me on man oh
In the morning will come
In the morning will comeYes, the morning will come
Yes, the morning will come
Come, come to me
(Gotta heard you come)To me only, to me only ohh
Please don't be late now
Don't hesitate
Because in a whileMorning will come
Yes the morning
Got to
Morning will come, yes the morning
Oh don't you know that
The morning will come
Yes the morning will come
Yes the morning will come
Yes the morning will come
Yes come, yes come to me
