

You Better Come out Tonight

Thomas Samuel Orr

I've tried to call you about a million times Think I must have wasted about a billion dimes You won't come out
to see me You know that ain't right If you ever want to see me again you better come out tonight You better
come out tonight I've been waiting here for you It seems like years I've smoked all my cigarettes but one
thing's clear You won't come out to see me You know that ain't right If you ever want to see me again you
better come out tonight You better come out tonight
