Make It Hurt

Busta Rhymes

We gonna change things
Yea, Genesis niggaz
We gotta introduce you all
To the motherfuckin' new millenium bounce
Yea, two thousand and one hot shit, hot shit c'mon
All my niggaz in the place, all my bitches in the place
C'mon, c'mon, let's get to it
Let's get to it, let's get to it
All my niggaz and my bitches let's get to it
New milleni nigga bounce, new millenium bounce
C'mon, c'mon, c'monAiyyo! It's colder than a motherfucker
Who just let the hawk in?
Nigga guess who just walked in?
Lynch, most mix them up makes them
Other niggaz sit upon the bench broke
Then I step up in a trenchcoat nigga
Got no time to be fuckin' with them wonderama niggaz
Let me loosen up your bra-strap mama nigga
Listen up! look how we be rippin' up
And got the party pickin' up
And got you niggaz spittin' up shitNo pain, nigga never no gain, nigga no strain
O D into my cocaine music
Spit that venom, pretty thick bitches walk by
If you let them pussy printin' through they denim
Take her for a ride around the block, let her enjoy the whip
Drop her off, let her walk the strip
Ain't it funny how nature work?
Make bitches wanna bounce on a nigga
Until they make it hurt
C'monShake yo' shit until you make it hurt
Throw yo' pussy 'til you make it hurt
Pop that shit until you make it hurt
Bounce 'til you really wanna make it hurt
Now bang yo' head until you make it hurt
C'mon, stomp yo' feet until we make it hurt
Pound that shit until we make it hurt
Until we make it hurt, now let's make it hurtAre we ever gonna stop nigga? Heck no
Shit now let me rip the motherfucker
From the get-go, nigga

Let go before you make a nigga
Wanna let the tec blow
Bitches dancin' like a stepshow, nigga
Violate nigga, you gets no love, ghetto
Only give a nigga show love ditto
Your clique too little, fuck givin' niggaz a riddle
Fuck around I turn your wife into a widowNitro nigga, make you wanna wild on the floor
Like a bunch of little psycho niggaz

Whylin' like a bunch of lesbo bitches
The best show of bitches, so electro bitches, c'mon
Get on your mark, get ready set go bitches
Then we go and add a little propane to it
Then we send another whole flame through itClear everything in my path, before I split you in half
You wack nigga, better get you a staff
The freak bitches try to hit me with math
Brushin' off wack niggaz
While them same bitches givin' me ass, yo

And make bitches wanna get ass-naked, c'mon
