

In School

Die Kreuzen

You ain't so cool
I really can't take it
You've got an ugly face
And you know I'm gonna break it
'Cause I don't hear what you say
And I don't care what you're here for
Fucking hippies and fucking jocks
Talking shit man you don't know where it's at
After school
We're all together
Hanging out
Look our way
And we're gonna punch your face out
