Reach for the Sky

Sarah Geronimo

I have a dream
Something that I wanted to achieve
In my lifetime
And I want to show
The best of me, I know Ill make it through
If I believe thatRefrain
I can make it happen
No matter what they say
Nobody can stand in my wayChorus
Reach for the sky
Dream and aim high
I wont anybody turn my spirit down
Whatever it takes
Ill stand on my faith
Ill never stop until I reach the sky
I know my dreams will happen, I can flyIll reach for the skyI will not give up
Even if I fall I wont give in
To my troubles
I will stand tall
My feet firmly standin on the road
I believe thatRefrain
I can make it happen
No matter what they say
Nobody can stand in my wayChorus
Reach for the sky
Dream and aim high
I wont anybody turn my spirit down
Whatever it takes
Ill stand on my faith
Ill never stop until I reach the sky
I know my dreams will happen, I can flyReach for the sky
No matter what they say
No matter what they do
Ill hold on and make it throughChorus
Reach for the sky
Dream and aim high
I wont anybody turn my spirit down
Whatever it takes
Ill stand on my faith

Ill never stop until I reach the sky
I know my dreams will happen, I can flyReach for the sky
