Affected by the Towns

Bill Wyman

It's a hard life
People get affected
By the towns they're inShe gave her man a chance
Who never had a man
Hard life
Now she lives in Canter berry
As long when she can
Hard lifeShe fell in love and killed a mistress
She was just a kid
Hard life
Until that first in ten months
At least she said she didn't
It's a hard lifeHope that baby, baby, it's a sin
Never be a loser 'cause the losers never winIt's a hard life
People get affected
By the towns they're inShe dressed in leather
When she went to Leatherhead
Hard life
And when she went to bed
Thought she never went to bed
Hard lifeShe said she went ahead
And then she tried to get ahead
Hard life
Get her heading head and lay off
I think that's what she said
It's a hard lifeHope that baby, baby, it's a sin
Never be a loser 'cause the losers never winIt's a hard life
People get affected
By the towns they're inMoney won't change her
Money won't change her
Money won't change her
She's funny about money
But money won't change herHope that baby, baby, it's a sin
Never be a loser 'cause the losers never winIt's a hard life
People get affected
By the towns they're inWe went to Sunnyland
And never saw the sun
Hard life
And ended up in dungeons

And it really isn't done
Hard lifeWe had a week in Lester
And liked it more or less
Hard life
And then we went to Preston
And someone told the press
It's a hard lifeHope that baby, baby, it's a sin
Never be a loser 'cause the losers never winIt's a hard life
People get affected
By the towns they're in
It's a hard life
People get affected
By the towns they're inIt's a hard life
People get affected
By the towns they're in
It's a hard life
People get affected
By the towns they're inIt's a hard life
People get affected
