Affected by the Towns

Bill Wyman

It's a hard life

People get affected

By the towns they're inShe gave her man a chance

Who never had a man

Hard life

Now she lives in Canter berry

As long when she can

Hard lifeShe fell in love and killed a mistress

She was just a kid

Hard life

Until that first in ten months

At least she said she didn't

It's a hard lifeHope that baby, baby, it's a sin

Never be a loser 'cause the losers never winIt's a hard life

People get affected

By the towns they're inShe dressed in leather

When she went to Leatherhead

Hard life

And when she went to bed

Thought she never went to bed

Hard lifeShe said she went ahead

And then she tried to get ahead

Hard life

Get her heading head and lay off

I think that's what she said

It's a hard lifeHope that baby, baby, it's a sin

Never be a loser 'cause the losers never winIt's a hard life

People get affected

By the towns they're inMoney won't change her

Money won't change her

Money won't change her

She's funny about money

But money won't change herHope that baby, baby, it's a sin

Never be a loser 'cause the losers never winIt's a hard life

People get affected

By the towns they're inWe went to Sunnyland

And never saw the sun

Hard life

And ended up in dungeons

And it really isn't done
Hard lifeWe had a week in Lester
And liked it more or less
Hard life

And then we went to Preston

And someone told the press

It's a hard lifeHope that baby, baby, it's a sin

Never be a loser 'cause the losers never winIt's a hard life

People get affected

By the towns they're in

It's a hard life

People get affected

By the towns they're inIt's a hard life

People get affected

By the towns they're in

It's a hard life

People get affected

By the towns they're inIt's a hard life

People get affected
