

Vicious Circle

Solomon Burke

Every day I see your face
Every day I die
Every day I feel your breath
Every day I'm born again
You give me joy, but my thanks are just pain
And out of fear I pull myself loose again
For you I die
You are everything I need, what I desire, But will I ever understand?
Come on!
I die for you
Please forgive my faults, maybe one day I will realize what you mean (to me),
I hope it won't be too late
Every time I cry,
I feel your lies
Every time I die,
I see your eyes
