Safe With Me

Jojo

My phone keeps ringing,
My boyfriend's beeping me but he can't get hold of me.
Not because I don't here,
But because I can't answer with this kind of company.
I'm not gonna lie,
It's one of those nights I'm not too proud to share.
I never thought it would be me barking up the wrong tree,
But I am.What would he do if he knew what was really going on?
He would probably seal the deal and I'd be left alone.Cause he dosn't know that I'm kissing another man while he's missing me.
He wouldn't see any difference because my secret is safe with me.
I know I shouldn't keep anything from him,
But I'm hiding away because I love him.
I'm out the door and throw away the key,
And it's safe with me.
(Safe with me)When I'm with my man,
I don't get to pretend because my heart feels like it's home.
But as soon as I leave,
I lose track of my feet and run to another's arms.
I'm not a bad girl,
It's a big world, don't wanna feel like I'm missing out.
So many fish in the lake, didn't know I was bait,
But I am.What would he do if he knew what was really going on?
He would probably seal the deal and I'd be left alone.Cause he dosn't know that I'm kissing another man while he's missing me.
He wouldn't see any difference because my secret is safe with me.
I know I shouldn't keep anything from him,
But I'm hiding away because I love him.
I lock the door and throw away the key,
And it's safe with me.He's a good man, he's a friend.
He would never do what I been doing.
Don't deserve him, don't wanna hurt him.
But if I tell him, he'll leave.He dosn't know,
Not gonna tell him.
He dosn't know,
He dosn't know.He dosn't know that I'm kissing another man while he's missing me.
He wouldn't see any difference because my secret is safe with me.
I know I shouldn't keep anything from him,
But I'm hiding away because I love him.

I lock the door and throw away the key,
And it's safe with me,
And it's safe with me.I know I shouldn't keep anything from him,
But I'm hiding away because I love him.
I lock the door and throw away the key,
And it's safe with me.
