

# Finding Myself

## Smile Empty Soul

I don't care anymore if I let you down  
I believe that I need to be free  
I'm so used to my life with you around  
I don't know anymore, the real me And I thought that I found myself today  
And I thought that I had control  
All the change in my life just fell away  
For a moment I didn't need you All these tears that I've cried  
You must be tired of taking care of me but  
It's what you do best and I'm a liar  
'Cause really it's what I need And I thought that I found myself today  
And I thought that I had control  
All the change in my life just fell away  
For a moment I didn't need you Someone like you  
Someone like me  
Maybe it's change that set you free  
Free And I thought that I found myself today  
And I thought that I had control  
All the change in my life just fell away  
For a moment I didn't need you And I thought that I found myself today  
And I thought that I had control  
All the change in my life just fell away  
For a moment I didn't need you
