I'm Thankful

Yolanda Adams

You're there to pick me up
Whenever I fall down
And I can't say enough
'Bout the things you've done for me
Without you in my life
I don't know where I'd be
Release my heart felt praise
Gonna lift my voice and sing
Gonna raise my hands up to the sky
Use every breath to glorify
Your name your work your way
'Cause I'm so thankful
For life, for health, for strength to live
For sharing love and fellowship
For every blessing that you give
I'm thankful
You're the brightest star
The universe has seen
And I'm so privileged
That you shine your light on me
So powerful so great
The ultimate creator
You gave the gift that we know as eternal life
Gonna raise my hands up to the sky
Use every breath to glorify
Your name your work your way
'Cause I'm so thankful
For life, for health, for strength to live
For sharing love and fellowship
For every blessing that you give
I'm thankful

What's happenin around me
Ain't gonna change what I believe
I believe you sent the Holy Spirit to guide me
With knowledge and wisdom for all situations
'Cause it ain't always, ain't good for ya no, no
It ain't good, it ain't good, it ain't good
It ain't good all the time

No, no
But I'm thankful for everything
You've done for me
Everything you've given me
I am thankful, Ohh
I am thankful, ooohhh
I am thankful, oohh
I am thankful
Raise my hands up to the sky
Use every breath to glorify
Your name, your work, your way
'Cause I'm so Thankful
For life, for health, for strength to live
For sharing love and fellowship
For every blessing that you give
I'm thankful
Gonna raise my hands up to the sky
Use every breath to glorify
Your name your work your way
'Cause I'm so thankful
For life, for health, for strength to live
For sharing love and fellowship
For every blessing that you give
I'm thankful
