## Artemis

just inside the skin of this bubble iâ€™m in
all sensation
smooth and warm and slippery to the touch
and the taste in my mouth
as i breathe in and out

clouds of flowers and stars

every kiss whispers its message
every touch poses its riddle
like a sphinx at the gate of the garden
saying who do you think you are
who do you think you are

and in between these hazy dreams
i catch a glimpse
of reunion

thereâ€™s nothing can stop us
weâ€™re already flying
in formation
holding pattern
hovering over our desire

just a little revolution
a hundred million year carousel around the sun
a hundred billion sons and daughters
rising and falling and dreaming their way on
as the painted horses
slide up and down

but iâ€™m here now
iâ€™m here now
in the blink of an eye
in the tremble of a lip like a flower baring its breast to the sun
in the beckoning gesture petals wide open
in the drawing in knowing itâ€™s all or itâ€™s none

and in between these hazy dreams
i catch a glimpse

of reunion
