When It Hurts

Pat McGee

I am numb to the pain
I am numb once again
Without you
I dont know who to blame
Can't react the same
Without you
Whether I laugh or cry
It?s an endless try when I?m around you
Cause baby you
You love it when it hurts
It?s goodbye
Cause you love it when it hurts
Finally you came to see it
I don?t need this everyday
oh you
You love it when it hurts
I was dumb to see it
Dumb to believe
And never doubt you
Everything looked strange
My whole life rearraged
Without you
I am in this too
Only see red and blue
Without you
I can?t sing myself another song
Without you

Cause baby you
You love it when it hurts
It?s goodbye
Cause you love it when it hurts
Finally you came to see it
I don?t need this everyday
oh you
You love it when it hurts
The truth is
I can?t let it go
The thuth is

You already know
The thuth is
I can?t say goodbye
The truth is
I?d give you one more try
Cause you love it when it hurts
oowooh, no
You love it when it hurts
Finally you came to see it
I don?t need this everyday
oh you
You love it when it hurts
it hurts
oh you
You love it when it hurts
oh you
You love it when it hurts
