Mission Accomplished

Tricky

Are you ready
Oh my spirit
Oh my lonely
Conceil it for meIn other words flip flop
They said that I get droppedBig time, I'm on my way
I'm making it, big time
Big time, I'm on my way
I'm making it, big timeBig time, I'm on my way
I'm making it, big time
Big time, I'm on my way
I'm making it, big timeOh my lonely
Conceil it for me
? I'm still feeling ?
? You won't mix it ?
Brand new retro
I won't let goAre you ready
? I'm still feeling ?
? You won't mix it ?
Are you ready
? All my skin is ?
? I'm still feeling ?
? You won't mix it ?Are you ready X2Big time, I'm on my way
I'm making it, big time
Big time, I'm on my way
I'm making it, big timeBig time, I'm on my way
I'm making it, big time
Big time, I'm on my way
I'm making it, big time ...
