

Mission Accomplished

Tricky

Are you ready
Oh my spirit
Oh my lonely
Conceal it for me In other words flip flop
They said that I get dropped Big time, I'm on my way
I'm making it, big time
Big time, I'm on my way
I'm making it, big time Big time, I'm on my way
I'm making it, big time
Big time, I'm on my way
I'm making it, big time Oh my lonely
Conceal it for me
? I'm still feeling ?
? You won't mix it ?
Brand new retro
I won't let go Are you ready
? I'm still feeling ?
? You won't mix it ?
Are you ready
? All my skin is ?
? I'm still feeling ?
? You won't mix it ? Are you ready X2 Big time, I'm on my way
I'm making it, big time
Big time, I'm on my way
I'm making it, big time Big time, I'm on my way
I'm making it, big time
Big time, I'm on my way
I'm making it, big time ...
