In the Blood

Mudhoney

You swear you still got the fire
But when I touch you
You feel so cold
Your as hollow as your burned out eyes
Nothing left
Nowhere to goNowhere
Nowhere
Nowhere
You got nowhere to goDesire burns you from the inside out
How does it feel
Not to feel?
I can't stand it when your around
Reminding me how you used to be
RealYou used to be
You used to be
You used to be
You used to be realIn the blood, it gets in the blood
In the blood, it gets in the blood
In the blood, it gets in the blood
In the blood, it gets in the bloodWoh, oh, oh, oh
Woh, oh, oh, oh
Woh, oh, oh, oh
Woh, oh, oh
It gets in the blood
