Steady Red Light

The Perishers

The steady red light on my answering machine
Means you haven't called
You haven't cared to call
No you haven't calledAnd yesterday night I waited up till three
But you didn't come
You didn't care to come
No you didn't comeAnd I know you don't care for me
And I know that you ain't true
But I can't understand why I'm still with youThe steady red light on my answering machine
Means you no longer care
You just don't care to care
You no longer careAnd if yesterday night you would have cared to come
I still would have felt alone
Though you'd been lying next to me
I still would have felt alone'Cause I know that you don't love me
Yeah, I know you don't care for me
Still I can't understand why I'm still with youI know you don't care for me
And don't ever think that you can fool me
Any day now I will leave you
