Liar

Eskimo Joe

You know, you know, you know i'm a liar
I can't, i can't get burnt by the fire
but you, had too
i know, its you, when you come around crying
i cannot sleep with a room full of trying
but you, had too
its not cool
ohh ohh, the things you do
dont make me cry, she said she doesnt want to go
dont make me cry, I can't make her so i wont
You come to me in a terrible hour,
i can not sleep, so i'll go have a shower
but you, had too, its not cool

ohh ohh, the things you do
dont make me cry, she said she doesnt want to go
dont make me cry, I cant make her so i wont
dont make me cry, she said she doesnt want to go
dont make me cry, I cant make her so i wont
you know, you know, you know im a liar
you know, you know, you know im a liar
you know, you know, you know im a liar
you know, you know, you know im a liar
you know, you know, you know im a liar
you know, you know, you know im a liar
