

Circus

Lenny Kravitz

One day while I was searching
For what I'll never find
She walked into my story
Said she could change my mind This is the final offer
She said to make it quick
Don't lose out on this wonder
So I had to place my bet Welcome to the picture show
Watching your life
Never know which way to go
It might not be right
So you better be strong What kind of circus is this ?
What kind of fools are we ?
When is the final curtain ?
What can I do to set me free ? Welcome to the real world
You better be strong
Never know which way to go
It might end up wrong
So you better be strong Too many games we have to play
They always change the rules
You and me just trying to get along
What can I do ?
Got to be strong She walked into my daydream
She told me how it had to be Welcome to the picture show
Watching your life
Never know which way to go
It might not be right
Yeah yeah Welcome to the real world
You got to be strong
Never know which way to go
It might end up wrong
Yeah yeah Welcome to the picture show
It might end up wrong
So you better be strong
You got to be strong
You better be strong.
