

Above

Reptile Youth

Like the ice on the lake
like the lights on a cave
like a newborn snowflake
I am above, I am above
where I belong Like the smoke of a fire
like a voice in the quiet
like a bird on the wild
I am above, I am above
where I belong Like a stay on your play
like a tax of this day
like the will to the faith
I am above, I am above
where I belong Like a ? to the ?
like a sun in a view
like a hope that just grew
I am above, I am above
where I belong Like a crown on a king
like a thought to a thing
like the leaves in the spring
I am above Like a fool on the hill
and like love when it's real
like the wind when it's still
I am above, I am above
where I belong Like a ... to the ...
like the sun in a view
like a hope that just grew
I am above, Like a promise we keep
like a mice when we see
and I chose ...
I am above, I am above, I am above I am above, where I belong
