

Walk Away

Burn Season

Thinking
Am I making
More mistakes again
Am I ever gonna win
Chasing
Never reaching
For an open hand
It slaps me where I stand
I'm still stuck here
Pretending to be happy
Pretending to be something
When I know it isn't real
Way, you walk away
And i dont need anybody
I wont need anybody
Way, you walk away
And i dont need anybody
Changing
Still arranging
Who I really am
You still don't give a damn
Facing
Mind is racing
Finely here I am
It stops me where I stand
Way, you walk away
And I don't need anybody
I won't need anybody
Way, you walk away
And I don't need anybody
Walk away
I'm still stuck here
Pretending to be happy
Pretending to be something
When I know it isn't real
Way, you walk away
And I don't need anybody
I won't need anybody
Way, you walk away
And I don't need anybody
I won't need anybody
Way, you walk away
And I don't need anybody
I won't need anybody
Way, you walk away
And I don't need anybody
I won't need anybody
I'm still stuck here
I'm still stuck here
I'm still stuck here
Here
