

# Eyes Of Denial (Demo)

## Zero Hour

Cities ablaze as we race  
Through a concrete maze  
Eyes ablaze  
And die for a name  
For heaven  
In this deadly game  
Tears can't quench these sands  
Why fight for peace in a holy land  
Night has died and with it may I  
Admist wars fair the heroes lie  
The smell of death chills the air  
I look for myself but I'm nowhere  
Deliver me my prayer  
Eyes of Denial
