

El Amor de Arjuna

[**Anand Bhatt**](#)

As I'm sent to you now
I live in this world now
I've never resisted
like the times when I feel it
You, you carry me through this
This war that I keep fighting
I fight it for you
Tan solo Tu Tan solo tu y yo
solo con este amor
Amor de los dios
Creo en este amor
You hold all the three worlds
I see them in inside you
I long to be with you
They call us together
