

# Sparks (DJ Ray Costa Mix)

## Hilary Duff

I can't hear a single word  
Just know you're talking  
'Cause your lips keep moving  
Everything I thought I learned  
Goes out the window  
All I want is one thing You can promise castles, treasures, babies  
I don't care  
'Cause for now you're just enough for me  
I want you near  
Like a fairytale to feel your breath right on my neck  
You remember what I love so baby take me back Turn the lights down low and kiss me in the dark  
'Cause when you're touching me baby I see sparks  
You make my heart go  
You  
You, you make my heart go  
You  
You, you make my heart go Ticking tocking like a bomb  
Throws me back when I had you closer  
Skin to skin we get it on  
Without the love I feel you going bolder You can promise castles, treasures, babies  
I don't care  
'Cause for now you're just enough for me  
I want you near  
Like a fairytale to feel your breath right on my neck  
You remember what I love so baby take me back Turn the lights down low and kiss me in the dark  
'Cause when you're touching me baby I see sparks  
You make my heart go  
You  
You, you make my heart go  
You  
You, you make my heart go Take it all off  
Want every inch of you  
Traveling back in time  
Tangled uptight  
Just like we used to  
Now do that thing I like Turn the lights down low and kiss me in the dark  
'Cause when you're touching me baby I see sparks  
You make my heart go  
You

You, you make my heart go

You

You, you make my heart go
