

Love My Lips

VeggieTales

If my lips ever left my mouth
packed a bag and headed south
that be to bad id be so sad

i see thatd be to bad youd be so sad

thatd be to bad
if my lips said adios i dont like u i think your gross
that be to bad i might get mad

that be to bad youd might get mad

that be to bad
if my lip moved to duluth, left a mess and took my tooth
that be to bad id call my dad

oh dear that be to bad youd call ur dad

that be too bad

wat did you say youd call your father so wat your saing is if your lips left

that be to bad id be so said i might get mad id call my dad that be to bad

that be to bad

that be to bad

y

because i love my lips

bebebebebebebebbbeebbeebbe

oh my this is more serious then i thought larry wat do u see here

lips lip its a lip lip lip lip lip REPEAT

karry tell me a bout your child hood

wen i was just two years old i left mny lips out in the cold and they turned blue
oh wat could i do

oh daer they turned blue wat could you do

oh they turned blue
i see
on the day i got my tooth i hhad to kiss my great ant ruth she had a beard and and it felt werid

shehad a beard and it felt weord
she had a beird

ten days after i turned eight i got my lips stuck in a gate my friend al laughed and i just stood there intell the the firedepartment came and brock the lock with a crow bar and i had to spend the next six weeks in lip rehab with this kid name oscar who got stung by a bee right on the lip and we couldnt even talk for the first 5 weeks because our lips were so swowlen and when he started speekinghe spoke polis and i only new like 3 words of polish wxcept now i know 4 words because ocar taught me the word for li p austa

your friends all laughed austa how do you spell that

idk

so wat your saing is whe n you wertre yong

they turned blue wat could i do she had a beird and it felt weird my friends all laughed austa

im confused

i love my lips ebebebbebebebebebbbeebbebebeebbeebbe
