

# Kiss Me Hello

Jessica Mauboy

I've tried this love thing before  
And lost it somewhere  
This time I'm not letting go for nothing  
Cause somehow boy in my  
head I knew you'd be here  
It would just only take some  
time for us to get it right  
It's a risk but you make it worth taking  
So I let you hold my heart if  
you're going my way  
Chorus:  
Boy we can take the long way home  
It just makes sense when I'm with you  
Why does it have to be over  
When you can just pull me closer  
Don't say goodbye, just kiss me hello  
Just kiss me hello  
Just kiss me hello  
You tell the same stupid  
jokes over, and over  
It's funny they never get old,  
they keep me laughing boy  
In my head you're always here  
It's like you're always on my mind  
I never want to say goodbye  
It's a risk but you make it worth taking  
So I let you hold my heart if  
you're going my way  
Chorus:  
Boy we can take the long way home  
It just makes sense when I'm with you  
Why does it have to be over  
When you can just pull me closer  
Don't say goodbye, just kiss me hello  
Just kiss me hello  
Just kiss me hello  
It's a risk but you make it worth taking  
So I let you hold my heart if  
you're going my way  
Chorus:  
Boy we can take the long way home  
It just makes sense when I'm with you  
Why does it have to be over  
When you can just pull me closer  
Don't say goodbye, just kiss me hello  
Just kiss me hello
