Bushes

Hot Chelle Rae

I'm incognito like a shadow that moves through the night
You sit by your window and wait
And I can see you as the moon hits your eyes, it's my guide
Shinning to show me the way, shinning to show me the wayYou got me walking through the bushes baby
Your body's like a charm, oh, ooh
Your silhouette that gets me
Yeah, this darkness turns me on
Oh, oh, oh, oh, oh, ohKiss me, kill me
Nobody's gonna see you touch me, feel me
You got me walking through the bushes, baby
Sneak out the back
I'll have you back before he knows you're goneI feel the freedom as we just left the bright city lights
The sky's filled with stars from the rain
For the moment when you see your dreams come alive
I know that we'll never be safe as the sun comes to take you awayYou got me walking through the bushes baby
Your body's like a charm, oh, ooh
Your silhouette that gets me
Yeah, this darkness turns me on
Oh, oh, oh, oh, oh, ohKiss me, kill me
Nobody's gonna see you touch me, feel me
You got me walking through the bushes baby
Sneak out the back
I'll have you back before he knows you're goneBefore he knows you're gone
Before he knows you're gone
Before he knows, he knows, he knowsYou got me walking through the bushes baby
Your body's like a charm, oh, ooh
Your silhouette that gets me
Yeah, this darkness turns me on
Oh, oh, oh, oh, oh, ohKiss me, kill me
Nobody's gonna see you touch me, feel me
You got me walking through the bushes baby
Sneak out the back, I'll have you back
Before he knows you're gone
