

Mint Green Bee

Gustafer Yellowgold

There's a mint bee livin' with me
On my window sill
I can clearly see
Settin' up his things to stay
This green bee livin' for free
On my window sill
I can clearly see
Settin' up his gear to play

Tells me everything's okay
But he just cries and cries all day
Then at night with his pretty
Singin' voice we'll sway

Mmmm, Mmmm

There's a mint bee makin' some tea
On my window sill
I can clearly see
He likes a lot of sugar in there
This green bee livin' for free
Keeps his stinger clean
I told him he can keep it
If he doesn't point that thing at me

He's just cryin' tears all day
But says the music makes it all okay
Then at night with his pretty
Singin' voice we'll sway

Mmmm, Mmmm

There's a mint bee livin' with me
On my window sill

Mmmm, Mmmm
