

Touch Me

[Sarah Johns](#)

I remember how we used to be
It's been so long since you looked at me
Like I was a woman Tell me you want me right now
Say I'm the one thing you can't live without
Honey, I wanna tremble, I wanna lose my breath
And then fall asleep on your chest Touch me baby, touch me
Kiss every inch of my body
Baby, love me like you love me
Whisper words I ain't heard from you lately
I wanna feel like I used to back when you used to touch me Don't talk just turn out the lights
Do the things only you can do right
Baby, we're fallin' apart
Let's fall back in, I wanna make love again Touch me baby, touch me
Kiss every inch of my body
Baby, love me like you love me
Whisper words I ain't heard from you lately
I wanna feel like I used to back when you used to touch me Baby, love me like you love me
Whisper words I ain't heard from you, lately
I wanna feel like I used to back when you used to touch me
Oh baby, love me
