

Til' Ya Lose

Blanche Eden

Where are you now? Where are you now?
I thought you knew everything, I thought you knew everything
I knew you once before, I remember your smile, I remember your heart
You were just a little girl, growing in a big girls world
Living like a wild thang, didn't hear what they said
Little did you know, little was all you had
Little do you have, Nothing is what you know

Chorus

Til Ya Lose it, Til ya lose it, Til ya lose it, Til ya lose me
Til ya lose it, Til ya lose it, Til ya lose, Til ya lose it, Til ya

I thought you knew everything

Where your house? Where your ring? Where your car? where your man at? Where your mama? Your like your
mama Where your father? You got no father

Hey

I thought you knew everything
Til ya lose it 4x
Hustling for work
I gotta get paid
Money don't come so easy
It used to be that way
I ain't neva work so hard
I ain't neva been so starved
Can't find no job, can't find no job

Chorus

Oh, oh, oh....

I guess you don't know everything

I guess I told you everything

Oh, oh, oh....
