

# Out of It

## Memphis May Fire

[Intro]

Inside my body I'm a stranger,  
Stuck in a place that never changes.  
The world around me seems unaffected,  
But here I am behind the bars in my own prison.  
Behind the bars in my own prison! [Verse 1]  
All my worst memories on repeat,  
It's like my mind is stuck on rewind.  
It's a vicious cycle and I can't break free (can't break free),  
I'm holding on but it won't be long 'till, [Chorus]

I get so deep inside,  
I don't think I'll be coming out alive!  
I tell myself that everything's all right but,  
I can't believe it when I know it's a lie. [Verse 2]  
I feel the pressure and it's harder to breath,  
Is it too late to make an escape to  
Somewhere that I might have a second to think,  
Without this dark cloud following me.

Locked inside of a nightmare,  
I think I threw away the key.  
And I'm so afraid of the ending,  
Cause all I see is me losing. [Chorus]

I get so deep inside,  
I don't think I'll be coming out alive!  
I tell myself that everything's all right but,  
I can't believe it when I know it's a lie.  
All of reality starts to disappear again (disappear again),  
When I'm stuck inside my head, someone get me out of it! [Hook]  
When I scream in my dreams, no one hears me,  
And when I wake I'm still alone so I fall back asleep (back asleep).  
When I bleed I start to feel but it leaves me empty,

I start to believe there's no saving me.  
I used to think I had it under control,  
Now darkness follows everywhere that I go.  
No one can see it so I feel all alone,  
I'm dying inside but I don't let it show.  
My walls are caving in (are caving in).  
I'm suffocating! Get me out! [Outro]  
I get so deep inside,

I don't think I'll be coming out alive!  
I tell myself that everything's all right but,  
I can't believe it when I know it's a lie.  
All of reality starts to disappear again (disappear again),  
When I'm stuck inside my head, someone get me out of it!  
My eyes start to cross and I am slipping away again,  
God, I hope it's not the end,  
Someone get me out, get me out of it!
