

# Say the Words

Vonda Shepard

Say the words  
Say the words Every light shines on you tonight  
Making a fool out of me  
Why won't this love leave me alone  
All of the people in this smoky room  
Crowded with faces I know  
I feel them watching me watch you Say the words  
Say the words  
Say the words  
So I can leave, it's over Your eyes are deeper, they are worthy of many words  
None I can conjure up will do for you  
But I shouldn't see you  
'Cause I know my own motivation  
It's taking too long for this love  
To leave me alone Say the words  
Say the words  
Say the words  
So I can leave, it's over, it's over Oh love, you worry me  
When you say, you'll wait forever  
'Cause I have another life  
We just cannot be together, no no Say the words  
Say the words  
Say the words  
Say them for me  
I need to hear you say, it's over, it's over Say the words  
Say the words  
Say the words  
So I can leave, it's over, it's over
