

Whatever Happened 2 Us

Whistle

Whatever Happened 2 Us 2
Whistle

Whatever happened to the days when we would laugh and cry, and smile and grin, and bye and then we hold
each other near.

Remember when we would call each other on the phone and talk for days, like haven't ever seen each other in a
year

You say those days are gone, but I know where they all are
They've been hiding behind your heart all along
What to get a little love out of you?

Chorus:

Whatever happened to us two?
Whatever happened to us two?
Whatever happened to us two?
(I'm all alone)

Whatever happened to hellos, goodbyes, I love you and I miss u you so
Where did they all go?

It's hard to explain but now I see when you are with me
You're not the girl I love, believe me I know
I watch you every day and every day a little something is changed
Why can't we be the way, the way we were back then?
What have I got to do to get a little love out of you?

Chorus:

Whatever happened to us two?
Whatever happened to us two?
Whatever happened to us two?
To me and you
What we have is ___?___ it was worth holding on

[Instrumental]
