

Freak Me

Another Level

Freak me, baby

Freak me, baby

Freak me, baby

Freak me, baby Let me lick you up and down till you say stop

Let me play with your body, baby, make you real hot

Let me do all the things you want me to do

'Cause tonight, baby, I wanna get freaky with you Baby, don't you understand I wanna be your nasty man?

I wanna make your body scream, then you will know just what I mean

24 carat gold, don't want the night to grow cold

I wanna lick you up and down, then I wanna lay you down

Come on sexy Let me lick you up and down till you say stop

Let me play with your body, baby, make you real hot

Let me do all the things you want me to do

'Cause tonight, baby, I wanna get freaky with you I love the taste of whipped cream, spread it on the top of me

You know I can't resist you, girl, I'll fly you all around the world

I wanna see your body drip, come on let me take a sip

To calm what you cherish most 'cause we're not about to brag and boast Let me lick you up and down till you say stop

Let me play with your body, baby, make you real hot

Let me do all the things you want me to do

'Cause tonight, baby, I wanna get freaky with you Let me lick you up and down till you say stop

Let me play with your body, baby, make you real hot

Let me do all the things you want me to do

'Cause tonight, baby, I wanna get freaky with you Let me lick you up and down to make your body, body wanna scream

Let me freak you on and on, girl, then you will know just what I mean

Let me lick you up and down to make your body, body wanna scream

'Cause tonight baby I wanna get freaky with you Let me lick you up and down till you say stop

Let me play with your body, baby, make you real hot

Let me do all the things you want me to do

'Cause tonight, baby, I wanna get freaky with you Let me lick you up and down till you say stop

Let me play with your body, baby, make you real hot

Let me do all the things you want me to do

'Cause tonight, baby, I wanna get freaky with you Let me lick you up and down till you say stop

Let me play with your body, baby, make you real hot

Let me do all the things you want me to do

'Cause tonight, baby, I wanna get freaky with you
