

# PRD Chaos

## Earthtone9

lie to me, for a short while  
lay with me, for a short while  
i will wear my fears for you  
i will wear my fears for you  
lay me down there's nothing done  
closed eyes bring change  
too great, lost sometimes  
closed eyes bring change  
too great, lost sometimes  
i will wear my fears for you  
ask a question  
not just any  
what am i, about being lost  
closed eyes bring change  
too great, lost sometimes  
i will wear my fears for you  
lie to me, for a short while  
lay with me, for a short while  
i will wear my fears for you  
i will wear my fears for you  
last caress and nothing done  
ask a question  
not just any  
what am i, about being lost  
ask a question, question, question
