

Pac Bell

(hed) P.e.

{ If you like to make a call please hang up and try try try again
If you like to make a call please hang up and try again }
We used to drive all night, we'd get high all the time
She used to call me all the time, now she don't
She used to call me all the time, we'd go out all the time
You little angel, you look so fine
Why the fuck you fucking with me
Why the fuck you playing with me
Why the fuck you wasting my time
Why the fuck you hiding my sunshine
With friends like you who really needs it
Your smiling face is misplaced, you're so deceiving
I can feel my spirit leaving
I cut my wrists you see them bleeding
Just like a parasite you creeping
See me psychotic, see me jumping of the deep end
We used to drive all night, we'd get high all the time
She used to call me all the time, now she don't
She used to call me all the time, we'd go out all the time
But that's over and its done, and its all right, oh yeah
Ha yeah
Why won't you just leave me alone
Why won't you take your funky ass on home
You got nothing to say that I want to hear
I see through you baby, you perfectly clear
With friends like you who really needs it
Your smiling face is misplaced, you're so deceiving
I can feel my spirit leaving, I cut my wrists you feel them bleeding
Just like a parasite you creeping, suffer like the fucking crucifixion
Cover me with dirt, there won't be no resurrection
See me psychotic, see me jumping off the deep end
We used to drive all night, we'd get high all the time
She used to call me all the time, now she don't
She used to call me all the time, we'd go out all the time
You little angel, you look so fine
If I told you how I felt, you would throw it back at me
Your wicked mouth would laugh at me
I hear you laughing at me
Your eyes could never lie to me

Words are all lies to me, it's all lies to me
With friends like you who really needs it
Your smiling face is misplaced, your so deceiving
I can feel my spirit leaving
You cut my wrists, you feel them bleeding
Just like a parasite you creeping
Baby got me psychotic, got me jumping of the deep end
{ If you want to make a call please hang up, hang up
Please hang up, hang up, please hang up, hang up
Please hang up, hang up, please hang up, hang up
Please hang up, hang up please hang up, if you }
{ If you want to make a call, please hang up and try again
Please hang up, hang up, please hang up, hang up
Please hang up, hang up, please hang up, hang up
Please hang up, hang up, please hang up }
