

Neighbor

Travis Garland

Every time I pull up, come up
I be like there she go
You be like hey hello
Acting like you really don't know
What I'm about
So I jump out
Start a little conversation
Say ya man on vacation
You over here tryna be patient(Bridge)
You nasty, damn
And I know it
I can tell by the way you grab that hose and how you hold it
Something that you missed
Girl I could be your fix
He should've never left ya, left ya
Now I'm bout to impress ya(Bridge 2)
Every day I pass
You're watering your grass
Or washing your car
Showin off that ass
The man in your life
Is always on flights
And you just need a friend
To talk to you sometimes(Pre-Chorus)
While he's away girl
I'mma do you a favor
Let you borrow some sugar while I'm hooking up your cable
Groceries on the table
Bringing in your paper
If he ask later
I'm just your neighbor, girl(Verse)
And that's all it is
Baby until you call it quits
Call me when it's an emergency
You can always count, count on me
Fuck the neighborhood watch
All you need is me, girl I'm always on the clock
Stay down, way down, lay down
While I'm all over your body now(Bridge)

You nasty, damn
And I know it
I can tell by the way you grab that hose and how you hold it
Something that you missed
Girl I could be your fix
He should've never left ya, left ya
Now I'm bout to impress ya(Bridge 2)
Every day I pass
You're watering your grass
Or washing your car
Showin off that ass
The man in your life
Is always on flights
And you just need a friend
To talk to you sometimes(Pre-Chorus)
While he's away girl
I'mma do you a favor
Let you borrow some sugar while I'm hooking up your cable
Groceries on the table
Bringing in your paper
If he ask later
I'm just your neighbor, girl(Chorus)
I'm just your neighbor, girl
I'm just your neighbor, girl
I'm just your neighbor, girl
I'm just your neighbor, girl
I'm just your neighbor, girl
I'm just your neighbor, girl
I'm just your neighbor, girl
